WINTER IS HERE

PASSAGE OF WILD GEESE TO THE SOUTH SURE SIGN.

SNOW ARRIVES EARLY

Only Six Octobers in 22 Years Have Record of Snow—Twelve Inches in 1898.

Last night, while Maryville was taking the twenty-ninth of its forty winks, the air was filled with strange, wild cries.

"What's that?" said the person unsed to the sounds of Nature.

"That, kind sir," said the nature lover, "is the cry of the wild geese traveling south. They have remained in the north as long as possible, but now (wise weather prophets) they see winter coming, and they depart before it, uttering their strange cries and flapping their wings in defiance of wind and weather."

And sure enough, this morning dawned cold and cloudy. A drizzling rain fell all morning, every once in a while turning to sleet and then again changing to snow, the first of the winter.

The weather man comes to aid in predicting the weather for the rest of the day. He says, "Rain this afternoon and tonight, possibly turning to snow tonight in the north and west portions (this means Nodaway); much colder tonight."

So get in the rest of your plants and make any other necessary preparations, for winter is surely upon us.

But no matter how we feel about this weather proposition, there are some persons who are glad of the rain, the sleet and the snow. They are the farmers who have just planted their winter wheat. For them the change to wet weather means thousands of dollars when the 1917 harvest comes.

In the last twenty-two years there have been six Octobers in which snow has fallen. In 1894 there was a trace of snow; in 1898 there was 12 inches which lay on the ground until April; in 1905 there was .008 of an inch; in 1908, four inches fell; in 1911, two inches fell, and in 1913 there was just a trace of snow.

Winter has gripped the eastern section of Kansas also, according to dispatches received today. A heavy sleet set in, turning to snow. Snow is also falling at Junction City, Kan.

GUILFORD RESIDENT DIES

John Carter, Father of Rural Route Carrier, Succumbs to Illness—No Funeral Arrangements.

John Carter, father of W. I. Carter, rural carrier on route 2 out of Guilford, died at his home at Guilford at 7:30 o'clock this morning of Bright's disease. The arrangements for the funeral have not been completed, but burial will be at Sweet Home cemetery.

LOREN WILCOX, 16, DIES

Son of Mr. and Mrs. Andrew Wilcox of Conception Junction Succumbs to Appendicitis.

Loren Wilcox, the 16-year-old son of Mr. and Mrs. Andrew Wilcox of Conception Junction, died at 8 o'clock last night at St. Francis hospital in Maryville, following two serious operations.

Loren was operated on for appendicitis on October 12, and seemed to improve at first. But complications set in and another operation was made necessary. The second operation was performed October 20.

The young man was born and reared in Nodaway county, and had attended school in Conception Junction. He had worked on his father's farm for the last year.

He is survived by his father and mother, two brothers and five sisters. They are: Orley and Delbert Wilcox, Conception Junction; Mrs. Rose Frampton, Ravenwood; Mrs. Dessie Bremer, Ravenwood; Mrs. Della Corbett, Gentry county; Mrs. Gussie O'Banion, Conception Junction, and Miss Florence Wilcox, Conception Junction.

The funeral will be held from the family home at 9 o'clock tomorrow morning, with burial in the Wilcox cemetery, north of Ravenwood.

MARRIED 50 YEARS

MR. AND MRS. JAMES M'KEE CELEBRATE GOLDEN WEDDING.

RESIDE AT RAVENWOOD

Residents of Nodaway 50 Years—Have 4 Children, 8 Grandchildren and 4 Great-Grandchildren.

Mr. and Mrs. James McKee yesterday celebrated their golden wedding at their home in Ravenwood with an elaborate dinner, at which one of their children, four of their grandchildren, two of their great-grandchildren and a number of their friends were present.

The table was decorated in yellow and white, a large bouquet of yellow chrysanthemums adorning the center. The appointments of the dinner were also carried out in yellow and white. Around the table were seated Mr. and Mrs. James McKee, the guests of honor; J. B. McKee of Topeka, the Rev. Mr. Wetzell, pastor of the Methodist church of Ravenwood; the Rev. Mr. Wilton, evangelist; Mr. and Mrs. O. Wright and their son, Hannibal; Mr. and Mrs. George Kelley and their daughter, Marjorie, of St. Joseph; Mr. and Mrs. H. T. McMullin and daughter, Vira, and Mr. and Mrs. E. E. McMullin.

Mr. and Mrs. McKee were born and reared in Illinois. Fifty years ago yesterday they married and moved at once to Nodaway county, where they have since lived, with the exception of three years, which they spent in Kansas.

Mr. McKee is a veteran of the civil war. He joined the Tenth Illinois cavalry and saw four years of service, being finally mustered out in San Antonio, Tex., after the war was over. When he took up his residence in Nodaway county he followed the occupation of farming and was successful in every way. A few years ago he retired from actual business, and has since lived in Ravenwood.

Mrs. McKee is 68 years old; Mr. McKee is 73. They have four living children, Mrs. O. Wright, who lives at Ravenwood, and who was present at the celebration yesterday; Mrs. Lucy Hunt of Glasgow, Mont.; Mrs. Essie Womack and Miss Sadie McKee of St. Louis. They also have eight grandchildren and four great-grandchildren.

At the close of the festivities a picture of the aged couple, surrounded by their children, grandchildren and great-grandchildren was taken.

FR. NIEMANN TALKS

ST. PATRICK'S PASTOR ADDRESSES NORMAL STUDENTS.

ADVICE TO TEACHERS

Says That Children Must Have an Ideal, and That Teachers Must Help Students to Reach It.

The Rev. Father Niemann, pastor of St. Patrick's church of this city, spoke to the Normal students at assembly this morning on the subject "The Teacher and the Teacher's Work." It was a very interesting and unique talk, which showed a good knowledge of the subject. Father Niemann himself teaches in St. Patrick's school. Father Niemann said in part:

"Th primary aim of a teacher should be formation of character. The souls of the young are like butterflies. They are in prison and the work of the teacher is to throw open the gates and break down the barriers. A child should be given a desire to live a higher and better life, and especially one of usefulness. The standard which should be held before the pupils is one that cannot be seen.

He told of Michael Angelo's picture, where the representation of Adam was shown as sluggish and undesirable, until a different thought was bestowed upon it, when it became an inspiring picture of true life. Adam is the child and he must be polished and brought out of his sluggishness into something desirable.

"Life is education," continued Father Niemann. "Books are not education. Books are instruction, but life is our education. Children must have their ideal before them at all times. This is why the heroes and ideals of books lose force. They are unreal and unexpressive. Husks cannot be fed to pupils with desirable results. They must be taught the virtues of reverence and purity. This is the great task which must be done.

"Character building must have an ideal. In order to inspire the building of character in others the teacher must be of strong character. He must cultivate a great heart. "The teacher is the one who has been chosen by God for character building. Florence, Italy, is very proud of her statue of David. An artist studied the character of David, and was so impressed that he felt that he must give his inspiration to others. He found in a heap of castaway things a block of marble, and out of this unpromising thing came a great work. If our work is good we can bring great characters out of the seemingly unpromising material."

FIRE AT OAKES DYE WORKS

Husband of Maryville Woman President of New York Company—Property Loss $250,000.

Dispatches in yesterday's papers from New York contained an article about the fire which destroyed the Oakes Dye Manufacturing company buildings, in which seven persons were burned to death and two others who are missing are believed to have lost their lives. Francis Oakes, who is the president of this company, is known here, having married Miss Mary Prather, formerly of this city.

The fire started among chemicals on the first floor of the Oakes company, and spread with such rapidity that the office force was trapped on the second floor. In addition to the office building, five one-story storage buildings of the Oakes company were destroyed. The loss was estimated at $250,000.

TO PLAY SAVANNAH TRIAL ADJOURNMENT

LOCAL TEAM'S FIRST APPEARANCE ON HOME GROUNDS.

M'DANIEL CASE RESTS UNTIL NEXT MONDAY MORNING.

TEAMS EVENLY MATCHED

"See Savannah Suffer" is the Slogan of the Rooters for the Local Team —Some Changes in Line-Up.

"See Savannah Suffer" is the slogan of the rooters for the football game to be played here with Savannah Friday. The game will be the first home game for the M. H. S. eleven. The team has been shaken up and the new combination is working together in fine shape. The team has been drilled both on the offensive and defensive and looks about a hundred per cent better than before the Stanberry game.

Groppe has been shifted from center to tackle, where he promises to be a star. Hagins was moved into the back field to make room for Groppe at tackle. Either Miller or Ramsey will be put at center, with the chances favoring Miller. The two guard and the other tackle positions will be filled as before by Lyle, Lewis and Masters respectively. Egley and Kemp will probably start at the end positions, with Condon and McGinty in reserve. Woodward and Hagins will be the halfbacks and Pickens or Wray will start at quarter. Daniels, who made such a good showing at Stanberry, will hold down the fullback position. The average weight of the team will be about 150 pounds, a better average than many college teams can show.

Russell Woodward, who was appointed as temporary captain before the Stanberry game, was elected permanent captain by the squad.

There will be four games played at Maryville. Single admissions will be 35 cents; season tickets a dollar. The schedule as now arranged is as follows:

Oct. 20, Savannah at Maryville; Nov. 3, Tarkio at Maryville; Nov. 10, Albany at Albany; Nov. 24, Albany at Maryville.

Another game will be played at Maryville with Stanberry or Bedford.

Savannah papers insist that the Savannah eleven is fully as strong as last year. They have played three games, losing two and winning one. They lost to St. Joseph Central and Tarkio and won from Platte City. If the "dope" is to be relied upon, Maryville stands a good chance of winning by at least one touchdown. All disbelievers or doubters should come out to the Normal field Friday and see for themselves.

AUTO RACES POSTPONED

Will Be Held Next Tuesday, October 24, at the Fair Grounds.

The auto races to be held this afternoon at the fair grounds could not be held on account of the rain this morning. Fifteen drivers who were to compete in the races were here. A. O. Mason said that they would be held next Tuesday. Bethany will have these auto races Saturday.

FOR STATE CO-COUNSEL

Time Given to New Attorneys to Familiarize Themselves With Evidence—Blow to Defense.

Special to The Democrat-Forum.

St. Joseph, Oct. 19.—The McDaniel trial adjourned this afternoon until Monday over the protest of the defense. The adjournment was made for the purpose of allowing the so-counsel of the state to familiarize itself with the evidence.

A blow to Oscar D. McDaniel's defense against the state's charge of wife murder came late last night, when twelve leading attorneys of St. Joseph, two of them former county attorneys, two of them former circuit judges, and one a present member of the board of curators of Missouri university, sent to Bart M. Lockwood, special prosecutor, a letter offering their legal services to the state in the prosecution.

The twelve attorneys said in the letter they realized Mr. Lockwood's lack of assistance, and that he was being confronted by an overwhelming array of legal talent on McDaniel's side.

Sentiment among attorneys as well as along the streets of St. Joseph has been high for several days, owing to the solid backing the county court house is giving the accused prosecutor, and the obstacles they are placing in Lockwood's way as state's prosecutor.

Judge C. F. Strop of McDaniel's defense and Louis C. Gabbert, ex-county prosecutor and member of McDaniel's counsel, took up most of the court ses-

U.S. TO INTERVENE?

STATE DEPT. FEARS GREECE MAY ASK AMERICAN AID.

MAKE NEW CONCESSIONS

Athenian Government Allows Entente Allies to Have Authority Over Police—King to Flee.

Special to The Democrat-Forum.

Washington, Oct. 19.—The state department officials today deeply concerned over the possibility of the Greek requests for intervention by the United States on the critical situation now confronting the government at Athens. Neither the state department nor the royal Greek legation here have been officially notified, however.

Against Entente Allies.

Athens, via London, Oct. 19.—After the demonstration here against the entente allies, during which a procession of several thousand persons marched to the American legation and protested against the landing of French marines, a delegation of six persons called at the American legation and presented resolutions asking the sympathy and protection of the United States against the encroachments of the entente powers.

It is known that the king has given command that anti-entente demonstrations must cease, as the very existence of Greece is at stake. It is difficult to say, however, whether in the present state of public opinion over the presence of marines of foreign powers at Athens and Piraeus, even the king's orders will be obeyed by the excited populace.

Make Frech Concessions.

London, Oct. 19.—While Greece is seized with unrest, the Athens government has taken hasty steps to appease the allies with fresh concessions. The Lamberos cabinet accepted the demand that the entente officers be given authority over the police to prohibit the entente manifestations. A special train is in readiness for the flight of the king.

The Democratic party has written a record of far-reaching acts and policies. If they are mistakes then they are vital mistakes. Why, then, does not Candidate Hughes attack this great accomplished legislative program? Why does he avoid the real issues and concern himself with trifles lighter than air, for nearly always his trifles have turned out to be but vapors of the mind?—Hon. James A. Reed, in speech delivered in the U. S. senate.

A GOOD MAN TO TIE TO.

No man who has observed the course of affairs in the American congress can fail to be impressed with the importance of keeping a good representative on the job. If a man is unworthy he should be relieved of his charge as soon as the people find it out, but if he be a good man of ability, an honest, conscientious worker, who believes that justice should be done though the heavens fall, he is a good man to tie to.

Congress, like cities and communities, is necessarily dominated largely by the older members. The men who have been in congress long enough to prove their ability, their reliability and their industry are given places of responsibility and trust, but rarely until they have proved their worth. The big committees are controlled by seniority and the influence of the individual members increases with their service and their growing acquaintance and friendship among the members who remain from year to year.

Out of the great number that come and go with each succeeding congress there are always a few who stand out conspicuously as men of promise and sterling worth. Missouri has some young members who have made themselves conspicuous by the excellence of their service within a comparatively short time. Among these are Walter Hensley of the thirteenth district, Perl Decker of the fifteenth district and Wm. L. Igoe of St. Louis.

Mr. Hensley is now serving his third term and has made a distinct impression as one of the most valuable members of the house. His untiring industry, his conscientious efforts for good legislation and for the benefit of his district, together with his unusual ability have all attracted favorable attention. He was given a prominent place on tife very important committee on naval affairs, where he developed developed much valuable information for the use of the committee and for the guidance of the house.

He has always been active in behalf of legislation for the benefit of labor and the improvement of labor conditions, and he has taken an active part in helping to pass the many measures of benefit to agriculture. The Democrat-Forum has no direct interest in the affairs of the thirteenth district, but we know Walter Hensley to be a clean, honest, high grade man with the courage to stand for what he believes to be right, and men of that kind cannot be dispensed with without loss to

ROOSEVELT STULTIFIED ON THE 8-HOUR ISSUE.

"Oh, What a Difference Ten Years Makes!"

This might properly be the title of a campaign skit comparing the utterances of Theodore Roosevelt as president in 1916 with his utterances as pleader-in-chief for Candidate Hughes in 1916.

In 1906, in his annual message to congress, under the heading, "Railroad Employees' Hours and Eight-Hour Law," President Roosevelt said:

"I call your attention to the need of passing the bill limiting the number of hours of employment of railroad employees. The measure is a very moderate one, and I can conceive of no far as it lies in our power, it should be our aim steadily to reduce the number of hours of labor, with as a goal the general introduction of the eight-hour day."

In 1916, Colonel Roosevelt, stumping in the cause of "Anything to Beat Wilson," said: "We have seen in this country few things more discreditable to our representatives and more ominous to the future of the nation" than the passage of the Adamson eight-hour law for railway trainmen.

He said the justice of the request of the railway brotherhoods had not been sufficiently investigated; but in his message to congress of December 3, 1907, he said:

"The general introduction of the eight-hour day should be the goal to-

In 1916, Col. Roosevelt, straining to injure President Wilson, intimates that railway men are not entitled to the eight-hour day because "they do nothing but sit around" during a part of their time on duty. On this point his Battle Creek, Mich., speech of September 30 last reads:

"Eight hours may be the outside limit of proper work time in Mr. Ford's factory, where a man is all the time working at just one thing, intensively and without vacation; but eight hours that includes doing nothing but sit around and also change of occuption, may not be long enough."

Mrs. John J. Walsh and daughter, Mary Louise, and son, Richard, of St. Joseph are visiting with Mrs. Walsh's parents, Mr. and Mrs. N. Sturm.

In 1908, the last year of Gov. Hadley's administration, the public schools of Nodaway county received $13,725.21 from the state. But in 1916, under a Democratic administration, our public schools received $20,091.10 from the state. Notwithstanding all the Republican clap-trap about the school fund, the foregoing figures conclusively show who has been the friend of the public schools of this county. The total school apportionment under the last year of Hadley was $1,564,557.57. This year, under Democratic rule, it is $1,954,134.95, the largest amount ever paid by the state to the public schools in any single year.

Alma Seals Asks for Divorce.

A petition for divorce entitled Alma Seals, plaintiff, vs. William Seals, defendant, was filed this afternoon in the county clerk's office. The petition states that plaintiff and defendant were married November 15, 1915, at Maryville, Mo., and lived together as husband and wife until January 28, 1916. The divorce is asked on the grounds of non-support. The plaintiff also asks for the privilege of resuming her maiden nome and for $100 permanent alimony.—Creston Advertiser-Gazette.

WILSON THE ABLE GUIDE.

Shortsighted Not to Elect Him, Says Mrs. Joseph Fels.

"I have a deep conviction that the hope of Democracy lies with Woodrow Wilson. If we fail to re-elect him, we have much to fear."

Thus speaks Mrs. Mary Fels of Philadelphia, an independent in politics and one of the two American delegates to the Stockholm Peace Conference held in January, 1916. Since the death of her husband, Joseph Fels, she has continued his work in the Fels Commission, founded by him to promote the Single Tax Movement.

"I see no use," she says, "in picking out specific measures, either things done or things left undone. I see

them all as a part of a great man striving in a situation incomparably difficult to do what is best for the country that he is trying to save. In this situation and through this endeavor he is becoming more and more the people's friend and the man who can most ably guide the country in the difficult days that lie ahead.

"To me it is so clear that I cannot understand how people may venture to vote for anyone except Mr. Wilson. Mr. Wilson is the man who will inevitably serve the interests of all, except those who are moving heaven and earth to serve their own selfish ends. It is not only Mr. Wilson, it is the people of the United States, that I am thinking of."

RURAL CREDIT LAW MAKES MONEY CHEAP

Former High-Interest Agencies Rush to Reduce Rates to the Farmers.

BIGGER LOANS AT LESS COST

May Borrow Half of Land Value at Less Than Five Per Cent.—Effect Already Being Felt Strongly.

The effect of the new rural credit law, passed by the Democratic Administration, already is being felt in lower interest rates, although the land banks have not yet been organized. Testimony to this effect is being given at the hearings held by the Federal Farm Loan Board in various western cities.

At the hearings in Nebraska, numerous farmers stated that interest rates in the homesteading section of that State already have been reduced from one to two per cent. by the prospective competition of the thirty to forty-year loans that the land banks soon will be making.

The average loan that an insurance company or other loan agency would make on a 640-acre "Kinkaid" claim was $1,000. The commission deducted from this left the farmer $850. He paid interest at from 8 to 10 per cent. for five years on $1,000, making his average net interest rate from 11 to 13 per cent.

This now is stopped by the coming competition of the new rural credits law. Loan agents are rushing into Nebraska to make five-year loans at lower rates, to forestall the operation of the new law.

Lodge Protecting Banks.

This may account for the attack made on the Democratic rural credit measure by Senator Lodge, at Beverly, Mass., on Sept. 23, when he stated that money could be borrowed on better terms from regular agencies than under the rural credit act.

Mr. Lodge declares that this act will endanger the present National and co-operative banks and tend to break them down, according to the report of his speech in the Boston Globe.

The farmers of the West, who have suffered exorbitant interest rates for years, are not worrying about the banks. Their testimony before the Farm Loan Board showed that they are enthusiastic over the new law, and ready to help put it in successful operation.

Benefits to Farmers.

The new farm loan act provides means by which farmers can form co-operative or joint stock associations and borrow from the regional Federal Farm Loan Bank on the security of their land. Ten farmers can form one of these associations. They can borrow up to 50 per cent. of the value of their land, for a period running up to forty years.

The loan is repayable in small annual installments, or can be paid in full at any time. The estimated interest rate is 5 per cent. The farmer who borrows will share in the profits of the business, thereby reducing his interest rate to a still lower figure.

The Democratic National Committee has issued from its headquarters, at No. 30 East Forty-second street, New York, a pamphlet for free distribution fully explaining the rural credits law. It may be obtained from your Democratic State or County Committee.

LABOR TIDE FLOWING STEADILY TO WILSON

Organized Workers of Michigan and Illinois Indorse Democratic Candidate.

Enthusiastic offers of support continue to pour into National Democratic headquarters from working men and union leaders from every section of the United States and from every trade and industry. Not only will President Wilson get hundreds of thousands of votes from working men hitherto members of the Republican party, but thousands of wage-earners who have voted the Socialist ticket will this time mark their ballots for him.

The latest indorsement of President Wilson by a labor leader comes from John H. Walker, president of the Illinois State Federation of Labor.

"A working man who would vote for Hughes, in the face of his acts and declarations against labor, and in the face of the great accomplishments of Mr. Wilson for labor," said Mr. Walker, "must be uninformed, misinformed, blinded by prejudice, or carried away by party sentiment."

No word said for President Wilson will have greater effect than a statement by Andrew Furuseth, president of the Seamen's Union, declaring:

"I am for the election of Woodrow Wilson and a Democratic Congress because of the enactment of the Seamen's law and of the Clayton act, recognizing and enforcing the equality before the law of workingmen with other citizens."

Asking, "Are Ye for God or Mammon?" President A. B. Garretson of the Order of Railway Conductors urges President Wilson's re-election, in the October number of "The Railway Conductor." Mr. Garretson is a life-long Republican.

ARMENIAN AND SYRIAN RELIE

Saturday and Sunday Are Days Set For the Relief of These Peoples.

Special to The Democrat-Forum.

New York, Oct. 19.—A caller today at the office of the American committee for Armenian and Syrian relief, 70 Fifth avenue, handed Charles R. Crane, the treasurer, a check for $25,000 on condition that his name should never be associated with this contribution. This same gentleman a few weeks ago left another check for $18,000 under the same conditions. So there are at least some men of wealth in America who are willing that the right hand should not do what the left hand is doing.

This is the largest anonymous gift, but by no means the only one, received by the committee. Another such contributor has given more in the aggregate than this donor of the $25,000 and $18,000 checks. He has sent a check for $5,000 the first days of every month for the past twelve months. His name is not found anywhere in the records of the committee.

A total of over $100,000 has been given by men and women similarly modest. This is nearly one-tenth of all the money received so far by the committee. While the total amount received has reached a million and a quarter dollars, this is a small sum, as the committee is dealing with the needs of four or five millions of people, Armenians and Syrians, who must be relieved until next harvest.

Not only are churches, Sunday schools and philanthropic and religious organizations responding to the call of President Wilson, naming October 21 and 22 as Armenian and Syrian relief days. A share of the receipts from the greatest football game of the season will go to this cause. Receipts from other games have also been promised, and now the theater managers are responding to a request that a share of their receipts for October 21 will go into the treasury of the Armenian and Syrian relief committee.

J. C. Lanning of Hopkins was in Maryville yesterday on business.

Dr. Everett Morgan of Graham is in Maryville today on business.

A "DAY" FOR EVERYTHING.

Hardly Any of the Calendar Left For Regular Living Now.

The old saying, "Every dog has his day," and the biblical dictum that "There's a time to laugh and a time to weep, etc.," certainly find justification in the modern trend to assign a "day" to almost every human activity, according to Herbert F. McDougal, editor of Profitable Farming Magazine, St. Joseph, Mo.

We have, he points out, an Apple Day, a Pay Up Week and Fire Prevention Day, and Flag Day, and goodness knows how many other sorts of days until there scarcely is any of the calendar left for just regular living.

The idea is, of course, that enthusiasm is born of a lot of people thinking and doing the same thing at the same time, and that organized effort will ge the best results. One hardly can hold out against action when "everybody's doing it."

But the fact remains that the routine of living is the biggest part of life and that the occasional exploitation of ourselves for the other fellow's profit, while it makes for excitement, can't be relied upon for steady gains. Even Seed Corn Day, although springing from a worthy motive, will not be a very steadfast reliance for the next crop of corn. Rather it will be the man who of his own motion, day after day as he works alone in the field, picks out the likely ears and throws them into a separate box, who will have a solid foundation for his 1917 yield.

Too many folks in this old world are depending upon outside stimulus and leadership for their advancement, and to these such "days" will be a boon. But your honest-to-goodness farmer will pay up and pick his seed corn and do the rest of life's duties without waiting to be told to or having a day set apart for their performance.

MOTHER'S REMEDY FOR BRUISES

Children's Bumps, Sprains and Minor Hurts Quickly Relieved by Sloan's Liniment.

It is the very nature of children to hurt themselves—to come crying to mother with little fingers bruised, with heads bumped, with sprained ankles and wrists.

They are painful hurts, too. But their pain and sting can't survive the gentle use of this liniment. A single application of Sloan's Liniment and—the little fellow's bravely kept back tears give way to smiles. His hurt is relieved.

In every home where there are children a bottle of Sloan's Liniment is a necessity.

Aching muscles, rheumatism, lumbago, stiff neck, backache, chilblains, etc., can be effectively relieved with Sloan's Liniment. Cleaner than mussy ointments or plasters.

Sloan's Liniment can be obtained at all drug stores, 25c, 50c and $1.00.

"A Shine in Every Drop"

WOMEN HELPING TOO

ALLIES OF DEMOCRATS WORKING FOR SUCCESS OF PARTY.

SPREAD WILSON'S GOSPEL

Workers Acting From Sense of Devotion and Firm Conviction—Not for Relief From Social Boredom.

The humble Ford and all the other little cars that carry the plain people of the United States about their business and pleasure have come into their own as agencies for reaching the voters in a presidential campaign. As usual, women are the innovators.

Leaving private trains and other expensive frills to the Hughes campaigners, women pledged to the re-election of the President who gave them the Child Labor Law and the Children's Bureau are organizing by neighborhoods from New York to California to spread Wilson's gospel of peace and humanity through every countryside and every city ward.

Receiving Much Encouragement.

Letters and telegrams by the thousands are being received at the Women's Bureau of the Democratic National Committee in New York City, offering the use of the family automobile and the leisure-hour services of women who see President Wilson's cause as the cause of every good mother and every good citizen.

On a big map at headquarters colored pegs are sprouting as county after county reports the enlistment of women volunteers. They will carry pamphlets and leaflets, as well as personal messages, telling why they regard the President's election as all-important. The work is being directed at headquarters by Mrs. Charles Dana Gibson and other enthusiastic Wilson workers.

"Our women volunteers are not going out with a blare of trumpets to tell other people what they should do," said Mrs. Gibson. "Each woman will cover her own immediate neighborhood and talk in neighborly, friendly fashion with those she meets along the country roads and at the farm houses and in the city streets.

No Glitter About Work.

"There will be a lot of devotion and no glitter about this work. The women undertaking it are acting from deep conviction—not from a desire to take part in some fashionable and exciting exploit as a relief from the boredom of social life. The kind of women who are to drive their family cars along the roads for us don't get bored with life. They are in dead earnest, and they have something they are sure is worth saying to the friends and neighbors they meet along the way.

"No district will be too remote or obscure to be included in this canvass. It is another step toward realizing that electing a President is the people's own business and that the good citizen's duties are not confined to voting on election day."

Sub-centers Established.

There will be sub-centers of the automobile campaign in the large cities of the West, and each Democratic County Chairman will provide headquarters for the automobile campaign in his district.

The Woman's Bureau is urging patriotic women all over the country to join in this work. Any woman interested is invited to notify the Bureau at 30 East 42nd Street, New York City, so that the territory in which she wishes to work may be alloted to her and arrangements made for supplying her with literature, buttons and automobile decorations.

Miss Marie Louise Burge and her sister of Westfield, N. Y., have voluntarily covered the territory within 20 miles of their home, distributing literature to over 1,000 farmers. Miss Burge writes the Woman's Bureau at Democratic National Headquarters asking for more literature in order that she may cover the ground again in the interest of the re-election of President Wilson. This work has been done without compensation.

Kansas City Stock Market.

Kansas City Stock Yards, Oct. 19.—Cattle were better distributed through last week and a larger percentage were stockers and feeders than heretofore, conditions that helped the market, medium grades of killing steers gaining 15 to 25 cents during the week, other classes steady to strong. Receipts today are 38,000 here, and heavier at outside markets than any day previously this fall, market here steady to fifteen lower, killing steers and best stockers about steady. It was a run of thin cattle today, few good killers included, best heavy fed steers at $10.50. Grass beef steers included less good cattle than heretofore, a few at $8 or better, short fed grass steers around $9, medium and light weights $6 to $7. There is a fair run of Oklahoma steers here, medium and light weights, at $5.75 to $7.35 and several trains of Colorado cattle, the beef steers selling at $6.85 to $7.25, cows at $5.50 to $7. The good stuff is weak today, canners around $4.65, thin cows at $5.25, good cows $5.65 to $6.90, corn fed cows $7.25 or better. More than fifty per cent of the suply today is thin cattle, and this will be another good week for buyers. Every grade is offered, and receipts include cattle from all over the West. High bred Panhandle yearlings sold at $7.10 to $7.75 this morning, and choice Colorado yearlings $6.85 to $7.50, best twos around $7, a large number of cheap stock steers here around $6 either way. Feeders are in better demand, a good many buyers here from Illinois and other states east, but prices are barely steady, ranging from $6.25 to $7.90.

HOGS—Receipts were 10,000 head, and early prospects favored a sharp break, which was modified later, sales 10 to 15 lower, top $9.80, bulk $9.35 to $9.75. Order buyers are keen buyers, and paid up to $9.80, and their sharp competition forces packers to bid up, packers top today $9.75. All weights alternate in bringing the top price. Local prices have been running sharply higher than other Missouri river markets because of the double demand here from order buyers and from packers. Many pigs and light hogs are coming, suggesting scarcity later, with possibility of a high winter market.

SHEEP and LAMBS—Receipts are much smaller today, 9,000 head, and the market advanced 10 to 15 cents, disregarding weakness at other points. Most of the gain was on aged sheep, fat ewes selling up to $7.35, heavy yearlings $8.25, while best lambs brought $10.30. Native lambs run coarse and uneven and sell around $9.85 for the best here; Arizonas also below the choice Westerns, about like natives. Feeding lambs sell at $9.25 to $9.85, but do not get as quick action as a few weeks ago, feeding ewes steady at $5.25 to $6.50, breeders firm $7 to 9.50.

WRITES OF HANDS

HAROLD BAUER DISCOURSES ON "THE HANDS OF GREAT ARTISTS"

Says He Has Just Common Ordinary Pianist's Hands and Has Never Had Them Insured.

An enterprising but misguided magazine editor recently asked Harold Bauer to contribute to a symposium on the absorbing theme: "The Hands of Great Artists." Mr. Bauer obligingly complied, but his offering, which follows, failed to appear:

"I have just common ordinary pianist's hands, rather stiffer than usual, so that if I don't practice I can't play—though a good many of my colleagues tell that they can play without practicing, and of course, I must believe them. I possess the regulation number of fingers and thumbs, and a nail on each one. My compass is an octave and as many more notes as may be necessary. When the compass is too great I use the other hand or the pedal in order to make the public believe I can do impossibilities.

"In regard to taking care of my hands, I never do blacksmith's work, and I never go to a manicure. The avoidance of these two pitfalls has so far kept me in good condition.

"I have been frequently urged by disinterested agents to insure my hands, but a careful study of possible contingencies showed me that I should not be able to play with a broken arm, a broken leg or a broken hand, even though my hands should remain intact. I decided, therefore, to leave that form of insurance to those musical geniuses who apparently can continue their performances undisturbed by any kind of accident so long as their hands are not scratched—something like chickens which, they say, run about after their heads have been chopped off.

"I have even heard of some musicians having their brains removed in infancy, and, thanks to their hands being insured, make glorious careers; but I am inclined to think this is an exaggeration.

"Be that as it may, my hands are not insured, but I am, and the insurance company is under a bond to keep me wallowing in idle luxury should any accident befall me, from swallowing a pin to stubbing my toe. Finally, in answer to your inquiry, I have this eccentricity—I have never had my hands photographed without being firmly and visibly attached to my body."

HOW DOES YOUR BABY CRY?

Dr. J. C. Kraft Says It Is Easy to Tell Nationality of Child by Its Cries.

Chicago, Oct. 19.—How does your baby cry? With manifestations of violent emotions? With a queer, sharp note? Or as if there was a pain somewhere "in his little insides?"

And could you tell from the way he cries to what nationality he belongs, if you didn't already know? Dr. J. C. Krafft of the Norwegian Lutheran Deaconess Home and Hospital says it is easy if you study the matter, and he proved it.

Four babies were brought before him. He had never seen them before.

"This," said he, picking up the first one, "isa —let me see—oh, yes, he's a Jew. Notice the full deep note? Can't mistake it. Jewish babies have been crying like that since the days of Pharaoh."

The second baby cried with a very high little quaver, and was proclaimed a Norseman.

The third had red hair and doubled up his fists and his yell was hardly necessary to proclaim him a son of Erin. The fourth cut loose with a "wa-hoo," "wa-hoo," and the doctor smiled.

"Hear him cheering the Kaiser," said Dr. Krafft. In each instance he had judged correctly.

Two Strong Weber Features

AT the rear end of the **Weber** wagon box you will find two improvements that will mean much to you in the coming years while you use the wagon.

There is the **International folding end-gate** (patent applied for). Split end-gates are now done away with. You will see that it is easy to remove or replace; that it will stay in position; that it is very strong, made firm by four cross sills to prevent splitting, and by a spring steel bar.

Then there is the **center link box rod.** This rod couples in the center and has a threaded handle nut on each side of the box. When uncoupled the rod always remains fast to the box. The new link end rod means no more lost or bent rods, and no more stripped threads. You can tighten the rod from either side. Come in and see the handiest box-end arrangement you ever saw.

Wilson-Holmes Wedding.

A very pretty, quiet and impressive wedding was celebrated at the home of the bride's parents, Mr. and Mrs. Ely Wilson, in Smithville, last Sunday afternoon, October 1, 1916, at 3 o'clock. The contracting parties were Mr. George B. Holmes of Concordia, Kan., and Miss Aurelia Wilson, a well known and popular young lady of Smithville. The perfect autumn day, the beautiful house decorations of flowers and potted plants, all combined to make the pathway of the outgoing of the eldest daughter bright and happy in all that could be desired. The bridal pair were attended by Mr. Russell Burris and Miss Sallie Wilson, a sister of the bride. Miss Lucile Holmes at the piano delightfully furnished the wedding music, whose notes added much to the pleasure of the occasion. Elder Loos officiated, using the ring ceremony. The service over, the heartiest congratulations and best wishes were tendered the groom and bride by the relatives and close young friends who were the witnesses of the marriage vows.

A delightful course of refreshments were served, the health of the husband and wife pledged in happy way, and thus another social event in the history of Smithville passed into record.

The groom is a son of Mr. and Mrs. Greenup Holmes, his father a native of Clay county, now residents of Maryville, Mo. The fortunate son is a worthy young business man of Concordia, Kan.

Aurelia Wilson has been a child of a home that has spared no effort or sacrifice to rear her in all the graces of worthy living—both of loving devotion and education, and she goes to a new home bearing the rich memory of parental care and love. But beyond the taste and joy of the wedding hour, richer than the beautiful and useful presents received, are the prayers of hearts that love and are wrapped up in these young people, and the best wishes of true friends, that their future may be happy with sweet content, and above all without regret or doubt of honorable, useful, joyous living. Both bride and groom are worthy of such a life; may the future bring them a thousand fold return of all their hopes and dreams.

Mr. and Mrs. Holmes left on the evening train for their future home in Concordia.

The out-of-town guests were G. B. Holmes, Sr., wife and daughter, Miss Lucile, and Mr. Russell Burris of

Warm Winter Coats For Cool Days

THESE cold, snappy days call for warm, winter coats. For style and comfort you will find no garment superior to those now on display in our Ready-to-Wear Department.

We have a greater variety of patterns and fabrics than we have ever presented before. Belted models with chin-chin collars and large cuffs; sport and motor coats with voluminous sleeves and ample length; dressy coats, semi-fitting above the waist and gracefully flaring at the hem, many of them with handsome fur trimming in skunk, Hudson seal or beaver.

Browns, blues, greens, grays, taupe, burgundy, plum and black are here for the women who seek smartness in color as well as design. More than that, the Wooltex and other high grade labels in these garments is a guarantee that they will stay good looking—an important factor in these days of dye and fabric scarcity.

Unusual assortment of coats now on display, at from ..... $10.00 to $60.00

SPECIAL

Warm Coats—We have one lot of Ladies' and Misses' carried-over coats, staple styles very similar to this season's models, various colors and weaves, special for quick selling, each $5.00

New Suits—As a special inducement for you to inspect our unusual showing of fall and winter suits this week, we are offering any $22.50 or $25.00 tailored suit in the entire line, Wooltex included, at only $19.50

Striking Millinery

We are now exhibiting a large number of Gage models that were designed especially for our customers.

The new hats are mostly of silk velvet and silk beavers. Large hats are the leaders, while there is a wide variety of the smaller shapes in sailor and turban effects.

Black is a strong leader, yet there are many of the new colors in models for winter wear. Flowers, feathers and metallic ornaments are the wanted trimmings.

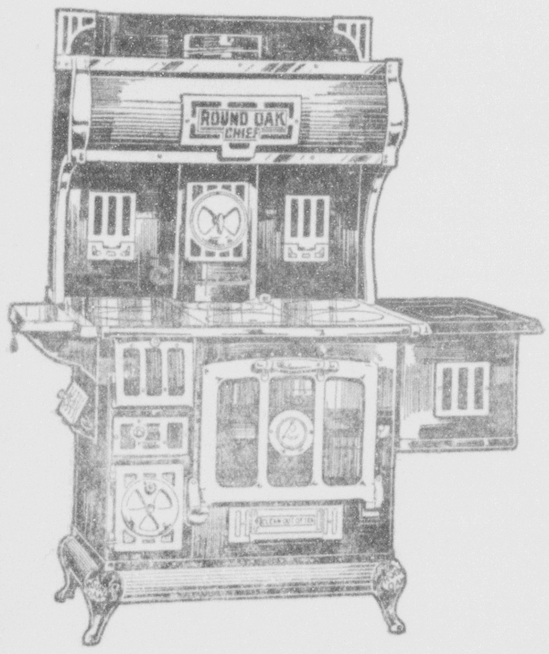
See our large showing of the newest creations.

We just received a large assortment of knitted caps, and scarf and cap sets; various colors, styles and values to choose from. Make your selection now while the assortment is complete.

The Fire Bowl of the Round Oak is about 10 inches closer to the floor than any other Round Oak heater, hence, heats the floor better, and is the longest lifed hearer on the market.

The Round Oak Double Burner heats like a base burner, and on account of the intake hot blast will burn a great percentage of the free gas, of which soft coal is about 85 per cent. This makes a great saving in fuel and heats more square feet of room per coal consumed.

The Doewajack Wood Heater is built like all other Round Oak Stoves—the best—and will hold fire longer, heat the floor better and burn less wood than any other.



The Chief is constucted like all Round Oak Stoves—of the best materials and along the latest and most approved lines of range construction—that makes them durable and economieal in the use of fuel, and first class bakers.

You will make a mistake if you buy a Range or Heater before letting us show you these lines.

WILL PLAY AT CAMERON

Normal Team Leaves in the Morning to Meet Missouri-Wesleyan—Here Are Men Going.

The State Normal school football team of Maryville will leave at 7:50 o'clock tomorrow morning for Cameron, where it will play the second game of the season with Missouri-Wesleyan college.

The team is in excellent condition, and Coach Palfreyman has high hopes of coming home with a scond victory. The first game was played with Palmer college at Normal park in Maryville, and was won by the local team by a score of 26-0.

The men who will leave in the morning are: Pickens, captain; Brown, Andrews, Sawyers, Bird, Farmer, Gannon, Hubbard, Lawton, Scott, Byerrum, Hahn, Garard, Nicholls and Hartman. George Palfreyman the coach, will also accompany the team.

The umpire for the game will be C. H. Belting, head of the department of agriculture at the Normal, and assistant coach of the Maryville team. Mr. Belting was a member of the All-Western football team, and also a member of the University of Illinois eleven, which experience makes him eminently qualified to act as umpire. "Bud" Saunders of St. Joseph will be head linesman.

Mr. Cross of Kansas City will act as referee. The game will be called at 3 o'clock, and since the homebound train leaves at 5:08 o'clock the same afternoon, it will be impossible to get results of the game before the return of the team, which will be at 8:25 o'clock tomorrow evening.

It is not known what games Missouri-Wesleyan has played this season if any, but they are always stronger in football than in any other sport. Their line this year is reported as averaging 190 pounds, while the Normal line will average about 160 pounds. Since the Palmer college game two weeks ago, the coaches have been putting the boys through some hard practice, and Missouri-Wesleyan may get surprised. Everhard, all-state end, is back at Missouri-Wesleyan again.

Communication

Revivals Years Ago.

St. Louis, Mo., Oct. 17, 1916.—Editor Democrat-Forum: It has been quite a while since I have visited your city, yet I have not lost all my interest in it and its citizens. I read in some copies of your paper about the great meetings held by Evangelist Scoville, and many familiar names brought familiar faces before me. I am glad you have had this religious upheaval. It reminded me, too, of the meetings I held in Nodaway, Atchison, Andrew and Holt counties, and the many I buried in baptism in the Nodaway, One Hundred and Two, Grand river, Nishnabotny, the Tarkio, and other water courses where there was much water. How I would like to meet the surviving ones and see them as memory lines them up before me. On November 17th I will have my 76th birthday. How it would cheer me to have a shower of cards between this time and that from those converted in meetings I held, baptized by me or married by me. Of course, any one who holds "Hal," the writer who tried to cheer and encourage folks by his articles in the Maryville Republican, in remembrance, are also invited to join in this card shower. I note the name James Todd as one of the editors and wonder if it is the same Jim I folded papers for in the '80s. Well, a kindly word for all the Nodaway folks, and especially those of Maryville and nearby towns from H. J. LATOUR,

BOLTS G. O. P., BACKS WILSON

Frederick Ayer, Financier and Member of Union League Club, Makes $1,000 Contribution.

Frederick Ayer, a member of the Union League club—the center of Republicanism in New York city, if not in the country—has sent a check to Chairman Vance McCormick of the Democratic National Committee for $1,000, his contribution to the campaign fund for the re-election of President Wilson. With his check he sent a letter, in which he said:

"Convinced as I am that Mr. Wilson is one of the greatest Presidents we ever have had, his hatred of war and love of his country perching like jewels in his crown of office, I send herewith inclosed my check for $1,000, to be added to the National campaign fund for his election."

Mr. Ayer is a lawyer and financier, a life-long Republican, and is a stockholder and one of the few directors of the New York Tribune Association, publishers of the New York Tribune, which is supporting Hughes.

WHAT MR. TAFT THINKS OF PRESIDENT WILSON

This is no time to point out mistakes of the past. This is no time, by attacks upon the General in command, to give the idea that our commander has not a united people behind him.

We are fortunate in having kept out of the present European War and we ought to support the Administration in keeping us out. If we had a jingo in the White House this country would now be at war with Germany.

He (Wilson) is not a Democrat President. He is our President. He is first an American, the same as we are. We must all be Americans first,

—Ex-President Taft.

Greatest Benefit to Farmers.

When Congress passed the Rural Credits bill a few weeks ago it placed upon the statute books a measure of greater direct benefit to the farmers of the United States than any legislation enacted since the creation of the Department of Agriculture, now nearly a generation ago.—The National Monthly.

TEN QUESTIONS FOR VOTERS

Ten questions for voters to answer in advance of Election Day:

1—Why are the Kings of Wall Street supporting Mr. Hughes?

2—Why are the great financial interests which favor a Central bank, in substitution for the Federal Reserve system, supporting Mr. Hughes?

3—Why are the high protective monopolists who prepared the Schedules of the Payne Adrich tariff for Mr. Hughes?

4—Why is every enemy of American neutrality for Mr. Hughes?

5—Why are all advocates of armed intervention in Mexico for Mr. Hughes?

6—Why are the trusts and organized greed in every section of the United States for Mr. Hughes?

7—Why are the heroes of military conscription for Mr. Hughes?

8—Why is every political reactionary and bourbon for Mr. Hughes?

9—Why is every enemy of industrial reform for Mr. Hughes?

10—Why is every boss and political grafter in the Republican party for Mr. Hughes?

DEMOCRATIC PROMISES TO FARMERS FULFILLED

Benefits Under Wilson Set Forth in Official Pamphlet.

The Democratic platform of 1912 made this promise to the farmers of America:

"Of equal importance with the question of currency reform is the question of rural credits or agricultural finance. Therefore we recommend that an investigation of agricultural credit societies in foreign countries be made, so that it may be ascertained whether a system of rural credits may be devised suitable to conditions in the United States; and we also favor legislation permitting national banks to loan a reasonable proportion of their funds on real estate security.

"We recognize the value of vocational education, and urge Federal appropriations for such training and extension teaching in agriculture in co-operation with the several states."

These pledges, with many other services to the farmer, have been completely fulfilled in the legislation of the present Administration. The record of Democratic Performance is offered in comparison with the Republican record of broken promises to the farmer, in an attractive pamphlet issued by the Democratic National Committee. Copies have been furnished to every Democratic State Committee for free distribution.

Seasons Latest Models

We will have on display tomorrow a new shipment of the season's latest models in Women's Coats.

We assure you that these Coats as well as the others on display are exceptional values. In Redfern Suits you will find the highest quality and workmanship combined with newness and style.

Very desirable from every point. They come in wool plush, gabardine and broadcloth.

And note this: The attractive prices on these Suits is an added feature that you won't overlook.

MEXICAN RUPTURE WIDENS

Dissatisfaction With Carranza Rule Spreads to Most Prominent Leaders of De Facto Government.

Washington, Oct. 19.—Dissatisfaction among the Carranza generals is not confined to the minor parts of Mexico. Reports today disclose the fact that General Gonzales, head of the de facto government in Morelos, is in open revolt against the mintser of war, Obregon, and that the rupture between Obregon and Carranza is daily growing wider. The inevitable result of this ill feeling will be anarchy, it is feared.

TO CONTINUE SUBMARINE WAR.
